OUR SERVICES

Tire Fitting and Balancing

At Western Gulf Tires, we understand the importance of maintaining well-fitted and balanced tires for the smooth operation of Sedan cars. Whether you need new tire installations, replacements, or expert balancing, our team is equipped with the latest tools and expertise to meet your automotive needs. We are dedicated to offering top-notch tire fitting and balancing services specifically tailored for Sedan cars. With a commitment to excellence, our skilled technicians ensure that each customer's vehicle receives meticulous attention, guaranteeing optimal performance and safety on the roads in Qatar

Wheel Alignment

At Western Gulf Tires and Auto Spare Parts, we understand the unique needs of 4x4 vehicle owners. Our precision wheel alignment services are tailored to ensure optimal performance and safety for your 4x4 vehicle. We utilise advanced wheel alignment equipment to measure and adjust the angles of your 4x4 vehicle's wheels with utmost precision. This technology allows us to account for the unique suspension and alignment needs of 4x4 systems. Proper wheel alignment contributes significantly to vehicle safety. Misaligned wheels can affect steering control, leading to increased risks on the road.

Wheel Alignment Checking

We utilize state-of-the-art wheel alignment equipment to measure and analyze the angles of your vehicle's wheels with utmost precision. Our advanced technology ensures accurate readings, allowing us to identify any misalignments quickly. Proper wheel alignment contributes to enhanced vehicle handling and steering response. By addressing any misalignments, you'll experience smoother and more controlled driving, making your journeys safer and more enjoyable.
